From the Sale Manager

Northwest Missouri is the home of approximately 2,000 registered Shorthorn Matrons, and their production finds a ready sale both privately and thru the semi-annual sales.

The semi annual consignment sales are outstanding—they rank with the better sales of the country—this is as it should be because Northwest Missouri breeds shorthorns of the finest quality.

There are 52 members of the Northwest Missouri Shorthorn Breeders Association, every one of which is a lover of his cattle and anxious for their cattle to go out and do good for their new owners.

For more profitable beef production breed shorthorns.

Show and Classification

This show and sale is co-sponsored by the Missouri State Board of Agriculture, Rockport Community Club, and the Northwest Missouri Shorthorn Breeders Association, Inc.

MISSOURI STATE DEPARTMENT OF AGRICULTURE AWARDS

The State of Missouri, Department of Agriculture, will award to all animals in each class that can qualify as blue ribbon, red ribbon, and white ribbon animals, their respective earned ribbons and a cash premium of \$6.00 for Blue, \$4.50 for Red, and \$3.00 for White.

These awards are made possible through an appropriation by the Missouri Legislature to encourage the production, distribution, and use of better breeding animals of Missouri.

BLUE RIBBON Animals are excellent individuals.

Only animals of outstanding quality, unusually good type, symmetry, and conformation, in sufficiently good flesh and adequately fitted to demonstrate fully their qualifications will be placed in this group. These are animals of unusual merit that would in every case be a valuable addition to the top breeding herds of the state.

RED RIBBON Animals are superior individuals.

Only animals of superior quality, of good type, and without any major defects, plainly demonstrating the superiority of their qualifications will be placed in this group. These animals should be sufficiently good to improve any commercial herd and most small breeders' herds.

WHITE RIBBON Animals are good individuals.

Animals of somewhat less desirable type, and with one or more rather objectionable characteristics may be placed in this group. These are animals that would improve commercial herds and would in every case be superior to grade and scrub animals. Unworthy animals will not be classified.

Dale's Page

This is the sixteenth semi-annual show and sale that has been held by the Northwest Missouri Shorthorn Association. In the eight years that this association has been organized, the progress that has been made by the different breeders is remarkable. This has been done mainly, in securing better herd sires. This in turn is showing in the sale offerings. Each sale offering is a little better than the previous offering.

If you are in the market for pure bred shorthorn cattle, this is as good a place to buy as can be found. Most of the cattle are sold in just good breeding condition, and without exception, the good useful sort of cattle are offered. If you buy in this sale, you can be sure that you will get an animal that will do good for you. At any rate, we make our best effort to have a useful lot of sale cattle. We want them to do well for the purchaser. We regard that as the best advertising we can have.

We want you to come to the sale, and if possible attend the banquet the night before the sale at the Hotel in Rockport. It would be advisable to make reservation for banquet in advance, by writing sale manager.
